Showers Available at El Capitan State Beach

Goleta, CA.— Showers at [El Capitan State Beach](#) will again be available to visitors starting today Monday, August 18, 2014. The well that supplies water to the park has been producing adequate volumes of water, which allows the showers to be re-opened to the public.

The showers will remain available as long as water production maintains at acceptable levels.

We continue to ask you to conserve water during this drought. For more information, please visit www.SaveOurWater.com.

California State Parks Mission

To provide for the health, inspiration and education of the people of California by helping to preserve the state's extraordinary biological diversity, protecting its most valued natural and cultural resources, and creating opportunities for high quality outdoor recreation.
